

“Testing can be uncomfortable but I’d rather know if I have COVID-19 so I can keep my family and community safe.”

Health staff sabeh that testing might be uncomfortable but e important por find out whotha gud the virus so we can keep our pamle safe.

You can play your part por keep community safe and mekeh COVID-19 test if you feel sick or being around somebody whotha e been sick.

Metro North Hospital and Health Service e mekeh COVID-19 screening lor fever clinics and community assessment clinics at different locations lor Northside. Check this website por find out where them locations, and, por any latest information, Queensland Health website at <https://bit.ly/33I9PLu>
