Gateball

Gateball is a mallet sport similar to croquet, like a cross between croquet and snooker.

Gateball is a fast-paced, non-contact, highly-strategic team game, which can be played by anyone regardless of age or gender. Players range from 8-100.

Gateball is played on a rectangular court 20 metres long and 15 metres wide. Courts are generally grass, but can also be clay, gravel or concrete. Each court has three gates and a goal pole.

The game is played by two teams (red and white) of five players. Each player has a numbered ball corresponding to their playing order. The odd-numbered balls are red and the even-numbered balls are white. Teams score one point for each ball hit through a gate and two points for hitting the goal pole.

A game of Gateball lasts for 30 minutes. The winner is the team that has the most points at the end of the game
