Cancer Awareness Month

Each month we will put the spotlight on a health awareness. November is Cancer Awareness Month.

Cancer affects many Australians and has a major impact on individuals, families and the community.

Cancer is a disease of the cells, which are the body's basic building blocks. Cancer occurs when abnormal cells grow in an uncontrolled way. These abnormal cells can damage or invade the surrounding tissues, or spread to other parts of the body, causing further damage.

Prevention is an effective long-term strategy for reducing the burden of cancer and screening programs can then help reduce the incidence of late stage cancers.

Community and Oral Health Aboriginal and Torres Strait Islander Health Team

Next Yarning Circle; Thursday 27th November 2025

As the longest established and sustained Yarning Circle within Metro North, we provide a culturally safe forum for our respected local Elders to yarn, listen and learn.

It is driven by our respected Elders and the Community and Oral Health Aboriginal and Torres Strait Islander Health Team, to identify and address gaps, develop recommendations, and influence health priorities, policy, and practices in Community and Oral Health.

If you would like to attend COH's Yarning Circle, you must email COH-A_TSI_HLTHTeam@health.qld.gov.au for more information, as this is a controlled and safe forum.

We appreciate you respecting our wishes and are very keen to hear from you soon!

Yarning Circle

Background

Driven by respected local Elders and the Community and Oral Health Aboriginal and Torres Strait Islander Health Team, the Yarning Circle was established to bring together local Elders and community to help identify and address gaps, develop recommendations and influence health priorities, policy and practice in Community and Oral Health Services as well as sharing thoughts, ideas and personal experiences of health care.

As the longest established and sustained Yarning Circle within Metro North, it provides a culturally safe forum for truth telling allowing members to discuss and reflect on services received, experiences, sharing cultural information and receive information on a range of various health topics and services and for other Metro North services and non-Metro North services to connect, engage and share information.

Purpose

- Establish a safe place for Aboriginal and Torres Strait Islander Elders and community to meet, be heard, influence health services and respectfully learn about what health services are available throughout Community and Oral Health, Metro North and other non-Metro North services as appropriate.
- Disseminate information regarding health services to the wider Aboriginal and Torres Strait Islander Community and provide a culturally respectful and safe place to learn more about various health topics, chronic illnesses/diseases.
- Develop recommendations and influence health priorities, policy and practice in Community and Oral Health and other services as appropriate.

Time and Location

Held on the last Thursday of every month at the Brighton Wellness Hub, 19th Ave Brighton.

A word from the Rainbow Room Peer Volunteers:

Intersex Solidarity Day November 8

This day is to raise awareness about issues faced by intersex people and to advocate for their rights. It is also a day to remember many advocates and activists who have fought hard to improve conditions and reduce stigma for intersex individuals.

It's important to fight for respect for all people toward their bodily autonomy and the right to self-determination.

In the past, babies born with indiscriminate bodily aspects had surgery performed on them as advised by physicians at birth. They did not always align to who they knew themselves to be.

The UN has recently reported on the treatment of intersex people. The report is available in full in 6 languages, or Easy English for a simpler summary of the important parts.
