

28 September – Update 3

Dear colleagues,

Please see below a slight amendment to my message earlier today regarding visitors for our pregnant patients.

Visitors

Visitors are restricted across all Metro North Health facilities. Visitors can only visit if they are:

- the parent, guardian or carer for a patient under the age of 18
- visiting a patient who is at their end of life
- a partner and/or support person for a patient for care related to their pregnancy
- support worker or informal carer (including family and friends) providing support for someone with a disability.

The other information provided in the previous message regarding no students on campus and standing up concierge desks across our facilities remains in place – please note the only amendment is to the slight change in wording above.

While we wait for the Directions to be updated by the Department of Health, please refer to the [COVID-19 updates website](#) for the latest information about restrictions.

Please continue to practice good social distancing and hand hygiene, and [get tested in you have any symptoms](#), and use the QR codes to check in as you move around.

Regards,

Louise O'Riordan

Metro North COVID-19 Health Incident Controller

Metro North remains on Tier 1

Despite this ease of restrictions, Metro North will continue to remain on [Tier 1](#) in our COVID response plan and [moderate risk PPE](#).

PPE guidelines are online for [healthcare delivery](#) and for [residential aged care and disability accommodation](#).
