

21 October 2021

Dear colleagues,

Today there is one new community case of COVID-19 on the Gold Coast. This new case has potentially been infectious in the community for up to 10 days, however further investigations are underway.

While contact tracing is underway, if you have been in the **Broadbeach or Gold Coast areas since 11 October** and have any symptoms, please get tested immediately.

Please remember to use the Qld Check In app everywhere you go and to wear your masks.

We will keep you updated as more information becomes available about this latest case.

Regards,

Louise O’Riordan
Metro North Health Incident Controller
