Dear colleagues,

It is a great honour to be permanently appointed into the role of Chief Executive of Metro North Health – for me this is one of, if not the best job, in Queensland Health. I am truly grateful for the trust placed in me by the Board and by you, the staff whose dedication underpins this wonderful organisation.

I understand this trust comes with an enormous amount of responsibility and I remain fully committed to working alongside you all to deliver world-class services to the residents of Metro North and more broadly across Queensland.

Since joining Metro North in September last year, I have been very impressed by the dedication and commitment of staff across the organisation and the excellence in care provided every day. Your consistent focus on patient care and service to our communities reinforces both the privilege and responsibility of this role.

In this spirit, our priorities remain unchanged: delivering safe, high-quality and timely care, supporting our people, and continuing the important work already underway to strengthen performance, culture and the way we work together. Critically, we must also drive innovation and foster the ambition to enable us to become the best hospital and health network in the southern hemisphere.

Metro North is at its strongest when we operate as one organisation, connected across hospitals, services and teams. As One Metro North, we will continue to build a health service that our community can rely on and our people are proud to be part of.

Thank you for the work you do and for the welcome and support you have shown me. I look forward to continuing to work with you all and support you to deliver world-class services into the future.

Take care.

Nick

We uphold our commitment to health equity through our Values in Action
Respect | Integrity | Compassion | High Performance | Teamwork

Metro North Health acknowledges the Traditional Custodians of the Land upon which we live, work and walk, and pay our respects to Elders both past and present.

Metro North Health's vision

Creating healthier futures together—where innovation and research meets compassionate care and community voices shape our services.
