

Summary:

- Length of Service celebrations across COH

Message feedback

Audience: All staff

Read time: 1 min

For: Information

Dear Team

In this message I want to focus on our recent Length of Service awards.

Two very special celebrations have been held over the past few months to acknowledge the work of a large group of oral health and community healthcare workers.

These staff combined have delivered more than 1,000 years of patient care across our service lines.

Last week, following the oral health professional development day celebration recently, we held the community awards which recognised our 25, 30, 35 and 40 year recipients.

The list of award recipients across both ceremonies reflect the range of work and careers that people perform across our school, mobile, bedded services, community clinics and home visiting services each day.

Recognising the contribution of all staff across the service is critical to the positive culture and services we deliver to children, adolescents, adults and the elderly.

From all of us at COH I commend everyone on their combined efforts to improving health services across our community.

Additional acknowledgement will also occur for community staff who have reached a 10, 15 or 20-year milestone.

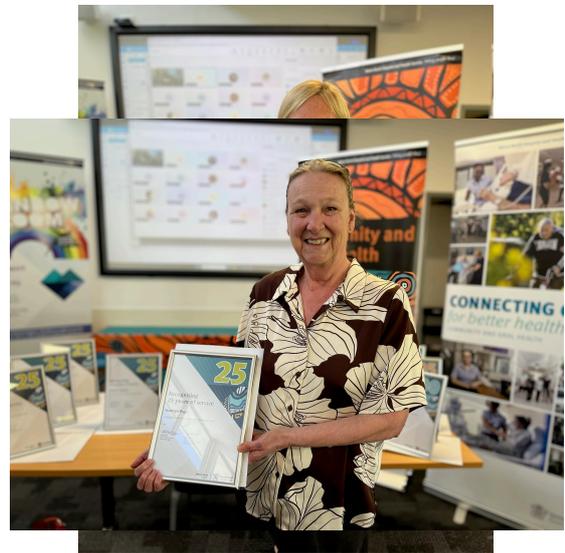

Community recipients of 25, 30, 35 and 40 year length of service awards.

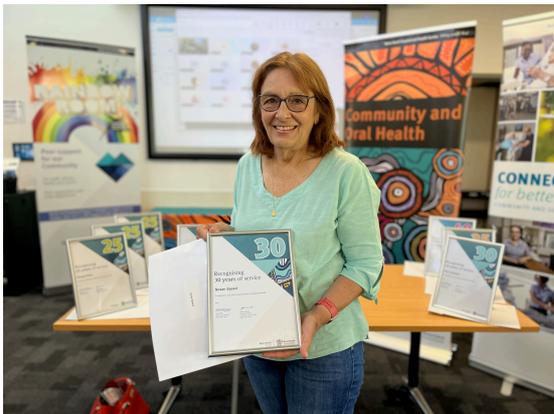

Oral Health recipients of five through to 40 year length of service.

Shelley Wild

Kathryn Pugh
