# Why we're here

Build a shared understanding of our values

Agree on behaviours that matter.

Strengthen trust and teamwork

# Metro North Health Values

At the heart of our organisational culture are a set of shared values that represent who we are as a Health Service

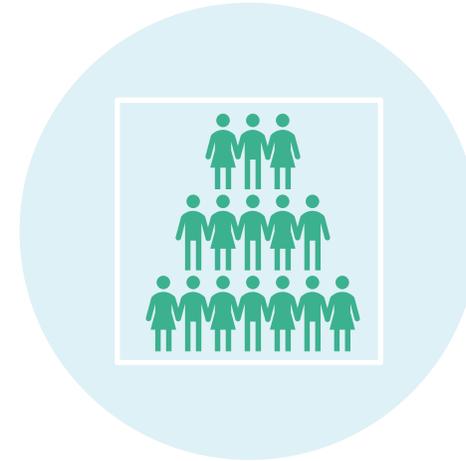

These **cultural cornerstones** set a clear statement of *'the way we do things around here'*

# Team discussion: Values

WHY ARE VALUES IMPORTANT FOR OUR TEAM?

WHAT WOULD A GREAT TEAM CULTURE **LOOK** AND **FEEL** LIKE?

# Our perfect workplace

- What does our ideal workplace feel and look like?
- What are people doing and not doing to achieve the aspirational workplace?

# What are personal values?

- Guiding principles that shape behaviour and decisions
- Shape how we see the world and interact with others
- Influenced by life experiences, beliefs and culture
- Different for each person
- Act like a “compass” for what feels right or wrong

# Activity: Identify your top values

## What are your Values?

# What are your top values?

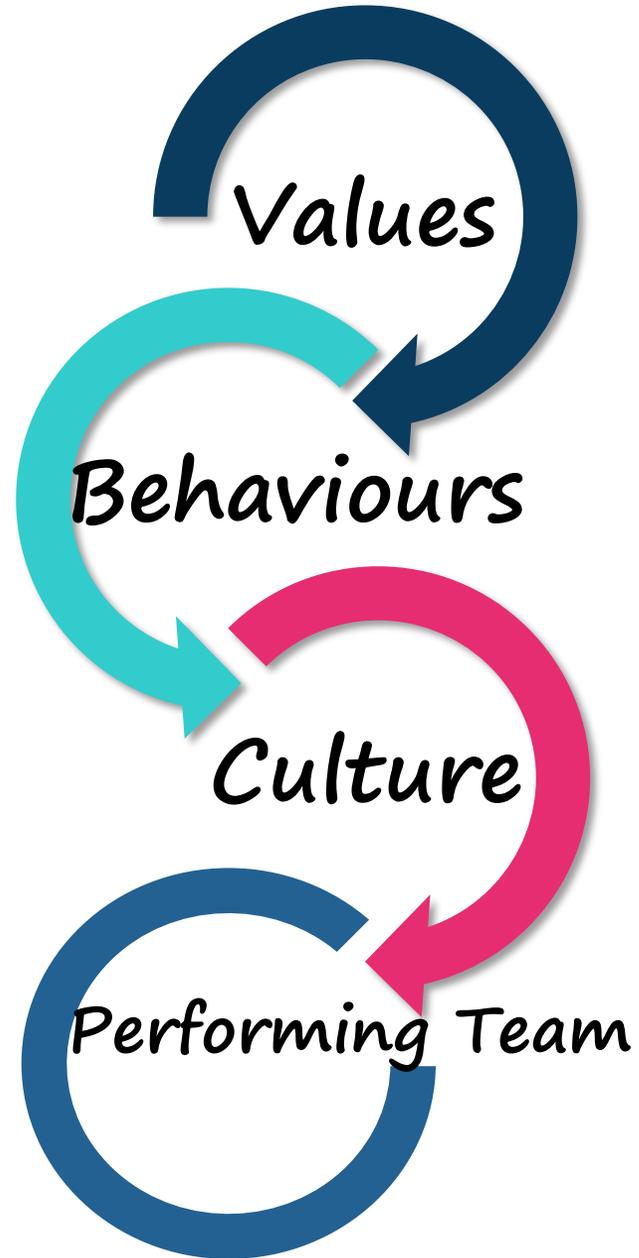

# Understanding your personal values....

- provides you with a greater sense of purpose
- influence our attitudes, choices, and behaviours
- fuel our motivation, passion and engagement
- fuel our frustration, or lack of energy to perform

Our values  
are  
demonstrated  
by our  
**behaviours**

The **behaviour** of people in the workplace directly affects workplace **culture**

# Activity: Defining behaviours (25 minutes)

Around the room are **5 stations** - one for each Metro North value:  
*Respect, Integrity, Compassion, High Performance and Teamwork.*

## Step 1: Form a group

- Join a small group of **3–5 people**
- Choose a station to start at (*or your facilitator will assign one*)

## Step 2: Rotate through the stations

- Spend **5 minutes** at each station
- When time is called, rotate to the next value station

## Step 3: Discuss these questions

At each station, talk together and write your answers to:

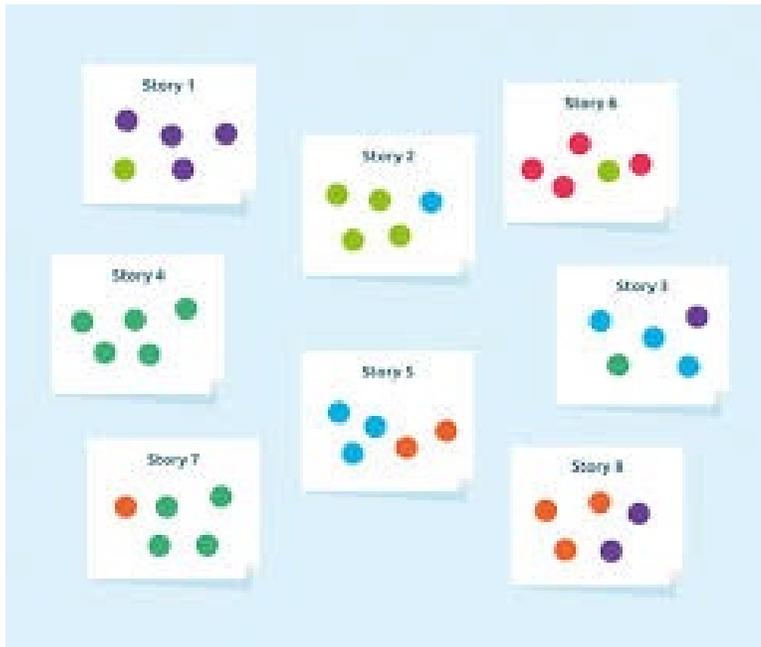

- ***What behaviours strengthen this value in the workplace?***
- ***What behaviours hinder this value in the workplace?***

## Step 4: Capture key behaviours

- Write directly on the station sheet as you rotate.

# What resonates most for our team? Let's vote.

Using the dot stickers in front of you, review the station sheets and:

- Select **two behaviours** for each value that you believe are the most helpful and important for a positive team culture.
- Select **one behaviour** that is unhelpful, hinders teamwork, or negatively impacts the way we work together.

## Example

For the value **Compassion**, you might place dots next to:

- *Shows kindness to others*
- *Checks in with each other*

And for a behaviour that hinders the team culture, you might select:

- *Gossip*
