

Metro North Health

Message from the

Executive Director Redcliffe Hospital

Cang Dang

Summary:

- Future Metro North
- Cultural Practice Program update
- BLS and mandatories
- Metro North Expo continues Monday
- Sharing good news

Message feedback

Audience: All staff

Read time: 3 min

For: Information

Dear colleagues,

Metro North Health is developing a 15-year visionary strategic roadmap, The Future Metro North: Reimagining Healthcare 2026-2041.

Chief Executive Nick Steele launched the roadmap consultation in an online webinar last week, if you missed it, [watch the recording here](#).

On Monday, Redcliffe Hospital staff had the opportunity to talk more about the roadmap and provide input at the Staff Expo - thank you to everyone who took that opportunity.

I encourage everyone to learn more and provide input and feedback, using the [online survey here](#).

Cultural Practice Program update

More than 400 Redcliffe Hospital staff have now completed the Cultural Practice Program (CPP) training.

The Executive Leadership Team (pictured above) completed the training with Will last week. If you and your team are yet to arrange training, please log into TMS and choose from the 34 training sessions options available for the remainder of 2026.

The training is mandatory for all Redcliffe Hospital staff and now a formal component of our orientation for new starters.

The training helps to build cultural awareness and confidence among our hospital community and furthers our individual and collective commitment to Health Equity.

BLS and mandatories

Thank you to the 80+ nurses, doctors and allied health clinicians who took the opportunity this week to update their BLS training (pictured, midwife and nurse educators Amy and Amanda).

Mandatory training isn't a box ticking exercise. It's critical to ensuring we deliver safe and quality care.

If you haven't already, please check to make sure you are up to date - the most recent report suggests more than 30% of staff have some training to complete.

Metro North Staff Expo

The rain and wet weather didn't get in the way of the Metro North Staff Expo on Monday, with plenty of staff talking to benefit suppliers and participating in the Future Metro North roadmap consultation.

The Staff Expo continues next Monday with another set of different displays and suppliers to talk to. Come along to the Staff Courtyard on Monday from 11am if you can.

Ways you can share good news

There's always a lot happening at Redcliffe Hospital, and there are lots of ways you can share good news and invite people to your team's events.

Everyone receives the Metro North Staff Bulletin in their inbox each Wednesday. That bulletin carries details about everything from events to opportunities for funding and grants. It's easy to submit content to the bulletin, using this [online form](#).

You can share upcoming events and good news on the Metro North Staff Facebook Group too. If you aren't a member yet, [sign up here](#).

[Metro North Newsroom](#) is also a great way to stay up to date with all the great things happening at Redcliffe and across Metro North (pictured below). If there's something you'd like to see featured, let the [Metro North Communications team know](#).

[Simulating Code Stroke for faster and better care](#)

[Next gen nurses benefit from clinical school first](#)

[Visitors can be the best medicine](#)

[From slippers to water bottles: reuniting lost property at Redcliffe Hospital](#)

Lastly this week, please join me in thanking Lisa Pinese for her time at Redcliffe leading our People & Culture team since November last year. We'll be welcoming Amanda Brimson back to Redcliffe later this month.

Kind regards,

Cang Dang
Executive Director
Redcliffe Hospital

Metro North Health   

We uphold our commitment to health equity through our Values in Action
Respect | Integrity | Compassion | High Performance | Teamwork

Metro North Health acknowledges the Traditional Custodians of the Land upon which we live, work and walk, and pay our respects to Elders both past and present.

Metro North Health's vision
Creating healthier futures together—where innovation and research meets compassionate care and community voices shape our services.
