Dear CKW Team,

Following the announcement regarding the permanent appointment of Jamie Spencer as Executive Director of the Caboolture, Kilcoy and Woodford Directorate, I wanted to take a moment to personally thank you all for your support over the past six months.

The CKW directorate is filled with the most amazing and dedicated people, and I have enjoyed the opportunity to be part of such a great family.

I will continue to act in the role until Jamie starts in July and I will ensure a seamless transition in welcoming Jamie to our directorate.

CKW is on an upward trajectory with a growing population and the Metro North strategic direction for CKW is to become more self-sufficient, so we can look after our patients as close to home as possible.

It is predicted that CKW will eventually be the centre of the northern hub of Metro North Health Services providing care to our very varied community.

To achieve this, CKW will need to continue improving what we do as our daily business and innovate our way to a new future.

I would like all of the CKW family to help Jamie achieve this quality improvement and transformation.

As a favour, I would also like to ask people to reflect on the statements below and see if they resonate.

Procedures are for the average: each patient is unique.

To do what is right is harder than following rules.

To be kind is harder than following the rules.

To innovate is harder than following the rules.

To define ourselves by what we can do is harder than defining ourselves by what we will not do.

Please do the right thing.

Be kind,
Think clearly,
Ask for advice.

Kind Regards

Dr Ted Chamberlain
