

First Nations Allied Health Assistant Traineeship Program – EOIs open

The Office of the Chief Allied Health Officer invites expressions of interest from Hospital and Health Services interested in participating in the First Nations Allied Health Assistant Traineeship Program.

The program supports services to recruit, employ and train Aboriginal and Torres Strait Islander trainees while they complete a Certificate IV in Allied Health Assistance.

Successful services will receive funding for one temporary trainee position for 12 months, alongside training, statewide implementation support and cohort cultural mentoring. Participating services will provide supervision, local cultural mentoring and workplace support.

This is an opportunity for Metro North Health to grow Aboriginal and Torres Strait Islander representation in allied health and support future employment pathways.

EOIs close at 5pm on Friday 13 November 2026. For more information, email allied-health-workforce@health.qld.gov.au or call 0472 574 388.
