Affiliations in outputs related to STARS or the Alliance

We encourage any individual, whether employed by The University of Queensland (UQ) or Metro North, to include the Alliance affiliation on their outputs (conference abstracts, journal articles etc), especially where it involves research collaboration with STARS, or it involves STARS patients or STARS facilities. This will help us to promote the important partnership between UQ and Metro North and promote STARS as a research-active hospital. The correct use of affiliations assists with reporting of outputs and impacts associated with the Alliance via corporate dashboards.

Alliance Affiliation:
STARS Education and Research Alliance, Surgical Treatment and Rehabilitation Service (STARS), The University of Queensland and Metro North Health.

STARS affiliation: If a STARS clinician is involved in your project, they are welcome to use the Alliance affiliation but if they prefer to use their clinical affiliation, the correct affiliation for the **STARS hospital** is below.

Surgical Treatment and Rehabilitation Service (STARS), Metro North Hospital and Health Service, Brisbane, QLD, Australia.

UQ affiliation: (refer to section 3.3 of UQ PPL 4.20.04)
School of XXXX, The University of Queensland, Brisbane, Australia.

Example

Individuals may use multiple affiliations (eg UQ school, centre etc) in their outputs, for example:

John Smith[1,2,3]

[1]School of Health and Rehabilitation Sciences, The University of Queensland, Brisbane, Australia
[2]STARS Education and Research Alliance, Surgical Treatment and Rehabilitation Service (STARS), The University of Queensland and Metro North Health
[3]NHMRC Centre of Research Excellence in XXX, Australia

Acknowledgements in outputs

Acknowledgements give credit to the individuals and organisations that have contributed to the publication or output. This includes researchers, clinicians, consumers, mentors, and funding source/s (including agency, grant scheme or grant identifier). Acknowledgments are generally reserved for those who are not recognised as authors.
