

## GPs with Special Interest

In 2018, Metro North HHS is expanding new models of care. Under the guidance of a Specialist, a range of innovative service delivery models can be delivered to patients in a safe, more timely and cost-effective manner in an outpatient setting. All GPwSI positions will be temporary part-time for up to 15 months.

For any questions or further information please refer to advertisement or email [MNGPLO@health.qld.gov.au](mailto:MNGPLO@health.qld.gov.au). Alternatively, phone the Project Team on 3646 6834.

Each model will be developed by the specialty department involved and the model will vary depending on the perceived need and clinic logistics such as location, rooms available etc.

This represents a unique opportunity for GPs to upskill and take a greater role in areas that they have a demonstrated interest.

Recruitment to these new innovative positions will be commencing over the coming weeks, and will be advertised through the **smartjobs website** <https://smartjobs.qld.gov.au> Search criteria:
