

Common challenges in primary care education series

Epilepsy for GPs

Tuesday 26 March 2019

Join us for an educational evening outlining common problems encountered in general practice concerning epilepsy.

This educational evening will outline epilepsy; from first presentation, through to a diagnosis. The evening will also focus on medications, breakthrough seizure management and refractory epilepsy.

Bring in your cases for discussion during the neurology Q & A and take advantage of the opportunity to network with specialists from Metro North public hospital system.

Full program details to be announced shortly.
