

Introduction to Clinical Research Principles 2019

Seeking Approvals to Undertake Clinical Research

Thursday, 21 March 2019, 12:30pm - 1:30pm

A light lunch will be available from 12:00

RBWH Education Centre

Ethical Considerations for Clinical Research

- Basis of ethics in clinical research.
- An overview of the ethical review processes with particular reference to ERM.

Ms Ann-Maree Gordon

- Coordinator for the RBWH Human Research Ethics Committee (HREC) for the past six years and was the Assistant Coordinator prior to that.
- Has worked in Queensland Health for over eleven years (ten and a half years in the Research Ethics Office).
- Has vast experience providing advice to researchers on ethical topics, HREC applications and processes.

Navigating research governance processes within MNHHS

- Processes and responsibilities for research governance within MNHHS
- Research governance of multi-site projects

Ms Ascar Yu

- Currently the Research Governance Officer at The Prince Charles Hospital.
- Is experienced in providing administrative support for health research and has worked at Sunshine Coast HHS and the University of Queensland.
- Holds a combined degree of Science and Law and Masters in Intellectual Property.

Register by COB Monday, 18 March 2019

Please use the online registration form available from the MN Research webpage
