

Update on Ethics and Governance Approval Processes in MNHHS

Tuesday, 04 May 2021, 12:30pm – 1:30pm

Introduction to Clinical Research Principles 2021 (via Microsoft TEAMS)

The session will seek to provide awareness of principles, responsibilities and processes for doing research.

Specific topics covered:

- Overview of HREC ethical review processes
- Processes for parallel ethical and governance submissions
- Review of current MNHHS research governance processes

This session is designed for all staff and research students who are planning to undertake clinical research, particularly investigator led clinical research projects, within Metro North Health

Ann-Maree Gordon

HREC Coordinator

Royal Brisbane & Women's Hospital

- Coordinator for the RBWH Human Research Ethics Committee (HREC) for the past eight years and was the Assistant Coordinator prior to that.
- Has worked in Queensland Health for over thirteen years (twelve and a half years in the Research Ethics Office).
- Has vast experience providing advice to researchers on ethical topics, HREC applications and processes.

Rebekah Steele

Research Governance Manager

Metro North MNHHS

- Research background in physical activity behaviour and epidemiology; completed post-doctoral research program with the Medical Research Council, Cambridge, UK
- Has worked in a number of Queensland Health departments to lead and drive change to improve internal efficiencies, build stakeholder support, engage consumers and improve patient-centred care.

Register by COB Monday, 03 May 2021

Please use the online registration form available from the MN Research webpage
