ALLIED HEALTH RESEARCH SYMPOSIUM

Transforming Healthcare through Research, Innovation & Excellence

Invitation to Sponsor

We are delighted to invite you to sponsor the *Allied Health Research Symposium THRIVE 2023: Transforming Healthcare through Research, Innovation and Excellence*. The symposium will be held on Wednesday 2 August 2023 at the TRI Auditorium, Translational Research Institute, Princess Alexandra Hospital (PAH) campus.

In a time of rapid healthcare adaptation, *THRIVE 2023* is designed to showcase, celebrate and promote high-quality allied health-led research initiatives that have led to, or have the potential to transform healthcare systems, processes and outcomes. The event is an opportunity to share in the dissemination of initiatives undertaken by allied health and will feature presentations, practical workshops and networking opportunities. Invited speakers will include a combination of internationally recognised researchers and clinicians with experience in transforming healthcare within their respective fields.

Metro South Health and Metro North Health provide allied health professional services across 17 professions to 10 hospitals, as well as community, specialist rehabilitation and mental health services across the respective health services. Together, they form the two largest providers of public health services in Queensland. There are over 3000 allied health professionals working across Metro South Health and Metro North Health. Metro North and Metro South have historically held independent research events. 2021 saw the inaugural joining of efforts to run the first Allied Health Research Symposium with great success – delivering an online event to over 200 delegates, and enhancing synergy between Metro North and Metro South allied health staff. For *THRIVE 2023*, we are excited to feature a hybrid-style event, incorporating both face-to-face and online attendance options, to maximise access for participation across Queensland.

We hope your organisation can join us.

The Allied Health Research Symposium is proudly hosted in partnership by Metro North Health and Metro South Health
