Queensland Optometrists have recently been provided access to the Health Provider Portal (The Viewer). The Viewer enables secure access to patient healthcare information from Queensland's public hospitals.

Join Jim Loughridge, GPLO – Optometry and The Viewer team for a lunchtime webinar to learn more about how to:

- Register for access to The Viewer
- Login and patient searches
- View patient information relevant to Optometrists
- Other tips and tricks

If you have any questions or suggestions, please contact the GPLO – Optometry via MNGPLO@health.qld.gov.au.
