

Community and Oral Health
Aboriginal and Torres Strait Islander

Nurse Navigation Service

The Community and Oral Health Nurse Navigation team has a new model of care to support Aboriginal and Torres Strait Islander patients navigate their health journey.

The service consists of an Identified Nurse Navigator and Advanced Health Worker.

We take referrals for complex patients who need help navigating health and community services. Once your patient is accepted, we can visit patients in their homes and support patients to attend appointments until other services are in place.

Examples of help we provide:

- Patient advocacy
- Coordinating health appointments
- Linking with primary health care services
- Patient education
- My Aged Care
- NDIS application assistance
- And more... just ask us!

How to refer:

Metro North clinicians: Via Refer application Login (health.qld.gov.au)

External- Email Central Referral Unit: **Central_Referral_Unit@health.qld.gov.au**
