

How it works

Our services are delivered through face to face and/or telehealth appointments. Our telehealth service is a video call that connects you to the right care from your home or the Norfolk Island Health and Residential Aged Care Service (NIHRACS).

The Metro North Paediatric Team are located at The Prince Charles Hospital in Chermside, Brisbane.

How to access the paediatric team

Have concerns about your child's health, development, learning or behaviour?

Make an appointment with your Child Health Service and GP.

Request a referral to the Metro North Paediatric Service at The Prince Charles Hospital. Appointments are bulk billed through Medicare.

Your referral will be reviewed and allocated to the Metro North Paediatric Team and you will be notified of the appointment time.

If your child's condition changes while you are on the waitlist, please follow up with your GP and request an updated referral to the Metro North Paediatric Service.

Metro North Paediatric Services

The Metro North Paediatric Team provides free health services for babies, children and teens aged 0-16 years. Appointments are bulk billed through Medicare.

Metro North Health

Queensland Government

Meet our team

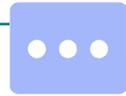

Paediatricians

Doctors who help children stay healthy, grow well and treat any illness, developmental or health issues.

Psychologists

Specialists who help children with learning, behaviour, and emotional coping.

Speech Pathologists

Specialists who help children with talking, understanding, reading, and feeding.

Occupational Therapists

Specialists who help children develop the skills needed for everyday activities including playing, learning, self-care and interacting with others.

Metro North Nurse Navigator

The Nurse Navigator provides care coordination and advocacy to clients in the community. If you feel that you require additional support navigating your child's healthcare needs, your GP and/or Metro North Paediatric Team may discuss the option of referring you to the Metro North Nurse Navigator.
