

Common challenges in primary care: Rheumatology case management

Thursday 27 November 2025 | 6.00 pm – 8.30 pm

Metro North Health and Brisbane North PHN invite GPs to join our experts for an evening of education and discussion hosted by the GP Liaison Officer team.

Join your colleagues and two local rheumatologists for a practical education evening. Refresh your knowledge on spotting rheumatology conditions early, then consider cases where GPs have used Request For Advice (RFA) to resolve rheumatology dilemmas from their desktop.

There will be opportunities to engage with our experts for advice on management, referral pathways and support services that may help you and your patients. Feel free to bring your own Requests For Advice along too!

This interactive session will be held **in person only**.

Program 6.00 pm – 8.30 pm

Registration, networking and dinner
