# TPCH ADULT ECMO COURSES 2026

28<sup>th</sup> April - 1<sup>st</sup> May 2026

3<sup>rd</sup> - 6<sup>th</sup> November 2026

The Prince Charles Hospital, Brisbane

This 4-day course provides multidisciplinary teams with foundational knowledge and skills in ECMO management for patients with severe cardiac and respiratory failure. Designed for doctors, nurses, perfusionists, and allied health professionals, it offers training in a safe team environment, covering both technical and non-technical aspects of high-quality ECMO care.

## COURSE HIGHLIGHTS

- Cannulation workshops
- Hands-on equipment training & circuit priming drills
- High-fidelity simulation troubleshooting
- Interactive physiology simulation
- Didactic lectures
- ECMO transport

## ADDITIONAL INCLUSIONS

- Electronic pre-reading materials & modules (sent 4 weeks prior)
- Eligible for Continuing Professional Development (CPD) points
- Certificate of attendance provided to all participants
- Complimentary electronic ELSO "Red Book"
- Complimentary networking function

## COURSE FEES

Senior Medical Officers - \$2900

Medical Perfusionists - \$2900

Registrars - \$2200

Non-Medical Perfusionists - \$1300
